

What is the CFB?

The main role and purpose of the Centre Français de Berlin (CFB) is to contribute to international understanding in the areas of youth, education and culture. Our tasks include:

- the organization of international exchange projects for young people and professionals;
- the coordination of the "Voltaire" student exchange programme; an individual student exchange programme between France and Germany for (approx.) 14-16 year-olds;
- the promotion of job mobility and support of young people for their projects abroad; offering support and advice for young people wishing to

enlarge their horizons and make new professional experiences;

- the maintenance of a local cultural centre as a meeting place for cultural events (cinema, theatre, author talks, dance);
- the maintenance of a community garden;
- the provision of facilities for social projects in the public interest and for the training of young people;
- the participation in the European voluntary service as a receiving and coordinating organization.

What is your mission?

The mission of the volunteer is, on the one hand, to help one of our colleagues with the preparation of seminary rooms (put the chairs, the food, and preparation of the coffee break...) because we are a small congress center also. That is the not very exiting part of the mission. On the other hand, you will work with us at the organization of youth exchanges, participate to trainees to become an intercultural youth leader and have the opportunity to specialize on the topic of your choice. You will have the possibility to travel a lot during your mission.

What do we offer?

We are a very dynamic, young and united team. We enjoy to run this cultural center altogether, to learn from another and to develop our own ideas and projects. We would be very happy to welcome you in our team!

What are the conditions?

- You have to be less than 30 years old
- You have to be motivated 😊
- As we are a French-German center, it is important that you have some knowledge in French and/or in German. That helps a lot.

Money money...

We can also reimburse 360 EUR max. For your travel (for a roundtrip) and reimburse 80 EUR max. for visa-costs;

You will work 30 hours a week and receive 710 EUR each month. With this money, you have to rent a flat, buy their tickets for public transportation and so on...;
