Feedback from volunteers

David from Armenia, "3-4-adventures" 2018/2019

"Skills are never too much. Skills provided by international experience are never enough. Once you did your first step in the intercultural environment then you want more and more! I did my first EVS step in September 2018. It was time to challenge myself in a new country and forget a little bit about my comfort zone.

This project gave us chance to be part of a world without limits and stereotypes, a world of friendship and adventures where you can just grow and learn a lot, every day."

Katya from Belarus, "Never be the same" 2019/2020

"Exactly four months ago, my ESC project began. How can I describe it? Of course, It is a lot of new impressions, excellent language practice, a large number of pleasant acquaintances, and a unique experience of living abroad".

It has given me the opportunity to learn the Polish language to be able to get in touch with locals. I live in a small beautiful town in Bydgoszcz. I work with good and friendly people.
